Tamsin Morse

Tamsin Morse's work explores the complexities of human nature through layered narratives, drawing on mythology, art history and contemporary life. In this exhibition, she presents a more intimate series of paintings that focus on individual moments of vulnerability, ambition and self-reflection - capturing the quiet tension between who we are and who we aspire to be.

Konrad Bartelski

Konrad Bartelski's photographic work captures the raw beauty and scale of some of the world's most remote and extreme landscapes. Drawing on a lifetime of exploration as both an Olympic skier and adventurer, his images reflect a connection to nature - where light, terrain and atmosphere converge to evoke a sense of clarity, solitude and perspective.

67 Pall Mall has partnered with The Sovereign Art Foundation to exhibit world class art in the Club.

The exhibition showcases works by Tamsin Morse and Konrad Bartelski, curated by Christina Makris, celebrating the union of two creative worlds and in aid of the Sovereign Art Foundation to help children in need.

The SAF is a registered charity which works around the world to assist disadvantaged children using art as therapy and rehabilitation.

All works are available for sale with 20% of proceeds going to SAF to support its charitable work.
